

## A BUSY DAY AT HARTFORD.

## MANY IMPORTANT MATTERS UNDER CONSIDERATION.

**A Court For the Town of Orange—The New England Road's Reorganization—That Bridgeport Grade Crossing—The Adulteration of Candy—Mr. Gunn Has a Very Busy Day—Pension For Ira Fonda—Minor Matters.**

Hartford, Jan. 30.—The committee on this afternoon entered upon their work with a business-like determination. It was really the most important day so far this month before the committee, several of the more important organizations considering measures of real importance and listening to the views of those interested. A few such days will result in a number of reports being sent in for action.

## THE WATERBURY COURT HOUSE.

Before the committee on the judiciary this afternoon the bill providing for a court house in Waterbury was taken up. It provides for a tax of 2½ mills on the county and ¼ mill on the district to pay the cost of the court house, which with the site is not to exceed an outlay of \$100,000. A board of trustees is empowered to buy a site and to procure plans and specifications for the proposed new building.

Attorney John F. O'Neil read the bill and explained its objects. Quite a number of officials and lawyers from Waterbury were present. The people of that town aver that they are tired of the expense and the time of attending court in New Haven.

## A COURT FOR ORANGE.

The town of Orange intends to have a town court and many of her leading citizens went to Hartford to-day to attend the hearing on the bill before the judiciary committee. The callers included Hon. James Graham, Attorney C. K. Bush, Clarence E. Thompson, Esq., of the Law and Order League, Dr. Barnett, Samuel J. Bryant, Warden Crawford, Justice Pardee, besides the New Haven legislative delegation and others from that city. Friends of the proposed court claim that last year there were 307 criminal cases brought before the justice court and that with such business there is a demand for a court whose jurisdiction shall embrace the entire town. They claim further that a justice court under such conditions is liable to be run for the multiplication of cases and for revenue. The court expenses under the new system are estimated at about \$1,500 per annum, or say from \$300 to \$500 more than the receipts, but the benefits would more than offset this outlay. Samuel J. Bryant of the real estate firm of Bryant & Main is mentioned as a candidate for town judge if the bill is adopted. There is a very strong sentiment in favor of the measure.

## THE NEW ENGLAND REORGANIZATION.

Hon. E. D. Robbins, counsel for the New England road, went before the committee on incorporations this afternoon to explain the bill in the interests of the reorganization committee—John I. Waterbury, Henry W. Cannon and Jefferson Coolidge. He said the committee proposed to effect a purchase of the property and pay the receivers' certificates and the second mortgage bonds of \$5,000,000. The security of the first mortgage bondholders would be just the same as ever. The second mortgage bonds had been delivered to the committee and would be paid for. The committee would obtain the property no matter if rival interests should bid against them to the amount of \$40,000,000.

Hon. Lynde Harrison, representing the Consolidated road, requested that further hearing of the matter go over for one week and the committee so voted.

## TALKING OVER A \$6,000 DEBT.

There was a hearing this afternoon before the committee on agriculture on the petition of the Connecticut Agricultural society for \$6,000 to be used in payment of their debt. Ex-Lt. Gov. Hyde said the society had a few friends who had stuck by it for many years and had watched its growth and its work. He spoke of the success of the society and he thought it to be the bounden duty of the state to pay off the present indebtedness. Remarks along the same line were made by Hon. E. Stevens Henry and Hon. James A. Bill.

## THE BRIDGEPORT GRADE CROSSINGS.

Senator Marigold introduced in the senate this afternoon an important bill regarding the abolition of grade crossings in the city of Bridgeport. It was drawn by City Attorney Davenport of that city and differs from the Marsh bill in that it provides that the railroad companies shall have the determining power; the Marsh bill provides for a special commission. Under the new bill the expense of construction is to be borne by the Consolidated road and the land damages by the city. Within three months of the passage of the bill, if the city and the railroad can agree upon plans, methods and the time when the work shall be completed, the work of elimination of grades shall begin. If such plans, etc., are approved by the commission. The bill also provides for hearings of matters involved by the commission. A report of the work shall be certified to the city clerk and then appraisals for benefits and damages shall be made. The city is authorized to buy and the railroad to sell the bridge belonging to the latter over the harbor.

The bill is a long document—the most extended bill introduced into the senate at the present session. It was referred to the committee on railroads.

## THE ADULTERATION OF CANDY.

A bill has been referred concerning the adulteration of candy. It prevents the use of poisonous flavors or coloring in the manufacture of candy and impure candy may be forfeited and destroyed. Fines of from \$50 to \$100 are provided. Prosecuting attorneys are to take notice of the act and prosecute violations.

## TOWN TREASURERS TO DEPOSIT FUNDS.

Another bill regarding town treasurers provides that they are to deposit all public monies. When the agent to whom they have committed the money to be deposited fails to per-

form his trust, the treasurer and his sureties shall not be held liable.

## TO FURNISH TEXT BOOKS.

One of the educational bills provides that all consolidated school districts and boards of education may purchase text books and supplies to be loaned to pupils and sold to them when they wish to buy.

The senate adjourned until to-morrow at 12:30 p. m.

## MR. GUNN HAS PLENTY OF BUSINESS.

Representative Gunn, chairman of the committee on woman suffrage, announced in the house this morning that next Tuesday there was to be a meeting of the W. C. T. U. in this city. He added that on Wednesday such famous women as Frances Willard and Lady Somerset of England would address the committee. He suggested that it would be well when the house adjourned next Tuesday that it adjourn until Wednesday at 2 p. m. in order that the members of the house might listen to these talented women. He also suggested that the committee have the use of the hall of the house of representatives, in order that there might be a large attendance when the addresses were made. He said the committee expected to get some light on woman suffrage.

Mr. Gunn's suggestions were approved after a speech of commendation by Judge Elmer, who said he would be "pleased to attend the memorable services."

## CHANGE IN ELECTOR'S OATH.

A bill was introduced to-day by Mr. Newton of New Haven providing for a change in the form of the elector's oath. The proposed form is as follows:

## Proposed Form.

Section 1. The form of the elector's oath shall be as follows:—  
You solemnly swear that whenever you shall be called to give your vote or suffrage touching any matter that concerns this state or the United States, you will give it as you shall judge will conduce to the best good of the same, without respect of persons or favor from man; so help you God.

Section 2. All acts and parts of acts inconsistent herewith are repealed.

## Old Form.

You solemnly swear that you will be true and faithful to the state of Connecticut and the constitution and government thereof, as a free and independent state; and whenever you shall be called to give your vote or suffrage touching any matter that concerns this state or the United States, you will give it as you shall judge as will conduce to the best good of the same, without respect of persons or favor of any man; so help you God.

Mr. Newton says he introduced the bill for the purpose of preventing perjury. In his opinion a considerable number of those taking the elector's oath, swearing to support the constitution, do not do so in fact, and in reality set deliberately at work to try and violate it.

## A PROPOSED REVISION.

To-morrow Mr. Newton of New Haven will introduce a bill providing for a revision of the constitution of the state, the object being to have the different amendments of the constitution so arranged with the original text of the constitution as to make it easier for reference.

## On motion of Mr. Judson of Stratford

the proposed amendments to the constitution passed by the last general assembly were referred to the joint select committee on constitutional amendments.

## A SPECIAL LICENSE FOR BALLS.

In the senate to-day was filed a remonstrance against a bill introduced early in the session by Representative Keeler of Bridgeport. Mr. Keeler's bill was for an amendment to the liquor law providing for special licenses for balls at a cost of \$10 and good for twenty-four hours. The remonstrants protest against this measure, claiming it is bad legislation. The remonstrance is signed by the chief temple and the secretary and 150 members of the I. O. G. T. of Bridgeport.

## MR. FONDA WOULD LIKE A PENSION.

Mr. Elliott of New Haven introduced the petition of Ira E. Fonda of New Haven for a pension. In 1878 Mr. Fonda was a member of Battery A of Guilford, which camped at Niantic during the drill week of that year. He alleges that by reason of impure water he contracted typhoid fever, and as a consequence suffered from necrosis of the humerus of the left arm, permanently disabling that member.

## HERE AND THERE.

Ex-Senator James Graham of West Haven visited the senate this afternoon and occupied a seat beside Lieutenant Governor Cooke, by whom he was warmly greeted. Ex-Senator William J. Clark of Southington was another visitor.

General Representative Clark of Haddam, who indulges in debate upon almost every occasion that presents itself, was unable to keep up his record to-day. He was nearly sick with a severe cold and when the Middlesex county inquiry came up he requested that it go over, as he was unable to talk, and he was accommodated.

Representative Tucker of Ansonia introduced a petition for the revision of the charter of the city of Ansonia. The amendatory act having been prepared the sanction of the legislature is desired. The committee consists of Reuben H. Tucker, Franklin Burton, Edwin W. Webster, Charles Durand and James Pemberton. It was referred to the committee on cities and boroughs.

## Mr. Kenyon of New Britain introduced

a bill providing that all grammar schools in the state shall furnish a course in commercial education and typewriting.

## LECTURES TO-DAY.

By Rev. Stewart Means—By Rev. Dr. George. The Rev. Stewart Means, rector of St. John's church, will give a lecture for the benefit of the building fund of the church in the United church chapel in Temple street, near Elm, this (Thursday) evening. His subject will be "The Story of Two Roman Brothers."

The course of lectures before the Yale Divinity school will be given this winter by the Rev. David H. Geer, D. D., of New York, on "The Preacher and His Place." The first lecture will be given (for special reasons) to-day (Thursday), January 31, at 5 o'clock p. m.

## GUARDING THE TRACKS.

## Consolidated Officials Employ Armed Men at Wilson Point—They Sleep in Log Huts

South Norwalk, Jan. 23.—In order to prevent the Norwalk Tramway company from again removing the crossing at the Consolidated Railroad company constructed on their tracks at grade near Wilson's Point, last Wednesday night, the Consolidated officials have placed an armed guard of twenty-five men there who are on duty night and day.

The men sleep in an improvised log cabin made of railroad ties, take turns cooking the meals and doing picket duty after dark. It is probable this state of affairs will continue until the disagreement existing between the two companies is adjusted in the courts. A claim by the Consolidated company that the crossing had been effected before the grade crossing bill became a law is disputed by the Tramway's attorney, who says they propose insisting on a hearing in the case at once.

All expenses incurred by the Consolidated to maintain the disputed crossing will be paid by the Standard Oil company, who are the real parties in the case against the Tramway. They are anxious to have a spur track run from the Consolidated Railroad Wilson Point branch a half mile into their new plant, and the route chosen necessitates a crossing of the Tramway's tracks at grade.

## Funeral of Robbins Battell.

Waterbury, Jan. 30.—The funeral of Robbins Battell at the Congregational church, Norfolk, yesterday afternoon, January 29, called out throngs from all parts of the state and elsewhere. All business places and schools were suspended. Among the out-of-town people were the Rev. John J. Perry, the Rev. Dr. Roderick Perry and the Rev. Dr. Stitt, all of New York, ex-Governor Stewart of Vermont, the Hon. Frederick K. Miles of Lakeville and Secretary Franklin B. Dexter and Treasurer William W. Farnam of Yale.

The choir sang two of Mr. Battell's sacred compositions, "Abide With Me," and "A Prayer." The latter was composed by Mr. Battell just previous to his illness and the words were written by his daughter, Mrs. Perry.

Addresses were made by the Rev. John Deppes of Norfolk and Dr. Stitt of New York. The Rev. Dr. Perry made the prayer. The pallbearers were eight pupils from the Robbins school. The burial was in the family lot in the Norfolk cemetery.

## HIGH SCHOOL NOTES.

Polo Game at Lake Whitney Yesterday—H. H. S. Wins the Game—Fine Skating.

The high school polo team played an interesting game of polo with the Hopkins' Grammar school five at Lake Whitney yesterday. It resulted in a victory for the high school team, the score being 3 to 1. The game was rather one-sided during the first half, when three goals were made by the high school team. In the last half the grammar school team scored their only goal. Quinn of high school played the best game of all and did some good work.

The players for high school were: Wells, Scrantom, Quinn, Langley and Trapp. Grammar school: Caperton, Henderson, Trowbridge and Townsend.

## THE CHURCH CLUB.

Its Annual Meeting at Hartford Addressed by Bishop Williams.

Hartford, Jan. 30.—The annual meeting of the Church club of the diocese of Connecticut took place at the Allyn house last evening. A business meeting was held, at which officers for the ensuing year were elected as follows: President, Colonel Jacob L. Greene of Hartford; vice presidents, C. T. Morehouse of New Haven and Watson J. Shelton of Waterbury; secretary, Charles T. Chase of New Britain; treasurer, Burton Mansfield of New Haven; executive committee, Hon. A. H. Robinson of New Haven, W. A. Hooker of New Britain and Dr. P. H. Ingalls of Hartford.

At 6 o'clock the club, sixty-five strong, and the invited guests sat down to dinner. The guests of the evening were Bishop Williams of Connecticut, Hall of Vermont and Whitehead of Pittsburgh, Rev. Dr. Hart, secretary of the house of bishops, Rev. Mr. Bristol of Hartford, Rev. Mr. Harrison of Windsor, and Richard Burton of the Courant. The club itself, numbering seventy-six members, is composed of laymen.

The feature of the occasion was an address by Bishop Williams, primate of the Episcopal church in America, whose reception was enthusiastic as he was introduced when coffee was reached by Hon. A. H. Robinson, who presided at the dinner. The bishop said he had received numerous letters asking if the Church of England in the United States could show continuity with the ante-revolutionary church and was one with the historic Church of England. He gave an admirable historical talk to prove that it was one and the same, in worship, doctrine and organization.

## CONNECTICUT INDUSTRIES.

Stamford Elated at Proposed Plush Mill to Be Established There.

Stamford, Jan. 30.—The new plush mill to be established here, a bill for whose incorporation is in the general assembly, will have a capital stock of \$150,000, with the privilege of increasing it to \$250,000.

There are prospects of the plant employing 300 hands, with a pay roll of \$60,000 or \$70,000 a year. Provision has been made for the erection of forty houses for employees.

## Mrs. McCoe's Burial.

The remains of Mrs. Annie McCoe of Edwards street, this city, who died Thursday morning about 4 o'clock of diphtheria, were taken to Springfield Monday afternoon for burial in St. Michael's cemetery. She leaves two brothers in that city, Daniel Barrett of the American Express company and John of the Haystack & Berry factory, and a sister, Mary.

## Will Become a Catholic.

Vienna, Jan. 30.—The wife of the Japanese minister has become a Catholic and will be baptized in the faith by Archbishop Agliardi, the papal nuncio to the Austrian court.

## Caused Some Surprise.

Bridgeport, Jan. 30.—Much surprise was caused this morning by the announcement that Dr. E. F. Conant, house physician at the hospital, had tendered his resignation. It seems hard for the physicians and hospital authorities to agree, although the nature of the trouble between them has so far been kept a secret.

Dr. Conant will go to the maternity hospital on Broome street in New York, where Dr. John Taylor, his predecessor here, is now stationed. Dr. Taylor resigned from the hospital force here last September in the same mysterious manner.

## John Adt's Will.

The will of the late John Adt has been offered for probate in the probate court. The deceased left property amounting to about \$35,000, and gives it to all his wife. The manufactory will be continued by Howard E. Adt, a nephew of the deceased.

## Dry Goods House Closed.

Rockville, Jan. 30.—The dry goods store of Carroll & McDonald, one of the largest in the city, was closed last evening by attachments placed by Forbes & Wallace of Springfield for \$11,000. The firm's bank account was attached. An assignment will probably be made. The firm has been in business twenty-five years. The financial embarrassment was caused by the business depression of the past two years.

## Judge Wheeler of Stonington.

New London, Jan. 30.—Judge Richard A. Wheeler of Stonington was seventy-eight years old yesterday and is still in full possession of his mental faculties. In the course of his useful career he was for several years sheriff of New London county. His title of judge comes from his having been elected judge of probate, a position he held from the time of his first election until he arrived at the age that made him ineligible for further continuance in the office.

## Adjourned the Hearing.

Albany, N. Y., Jan. 30.—In spite of the fact that this afternoon was the time set for the hearing on the New York city police bills before the special senate committee, there were no appearances before the committee and it adjourned the hearing until 2 p. m. next Wednesday.

## SCHOONMAKER CAPTURED.

By a Waterbury Detective—Hearing Postponed to February 26.

Waterbury, Jan. 30.—The news of the arrest of Francis X. Schoonmaker of Plainfield, N. J., at Chicago yesterday, was a complete surprise to the city. He was captured here last night. The arrest was made through Detective Charles Egan of the Waterbury police.

Schoonmaker, who spoke here for the republicans in 1888, represented to Strobel that he had sold for \$28,000 a collection of pottery to Job Male, a Plainfield, N. J., millionaire, who in turn presented the collection to a local library. Strobel advanced \$2,500 to Schoonmaker on his presenting evidence of the debt against Male's estate, there being an unpaid balance of \$2,000 on the sale. But the Male executors showed vouchers for the payment.

After his arrest in Chicago Schoonmaker said C. R. Baldwin, formerly treasurer of the United Press, bought of him \$20,000 of stock in a news company. He paid by check for \$2,500 and note for \$2,500. He was then cashier of the Manufacturers' National bank of Waterbury. Schoonmaker said he gave him his personal note, which Baldwin gave to Strobel. Schoonmaker claimed he got nothing from Strobel and never gave him anything.

In an improvised court room in the dining room of Judge Itasca's home in Chicago last night habeas corpus proceedings were listened to and Schoonmaker was released on a bond of \$3,000. His case will be heard February 26.

Detective Egan is expected home to-morrow.
